BIG
EDUCATION

WE BUILD EDUCATION..
WHERE THE WORLD NEEDS IT MOST

BIG
EDUCATION

BIG
EDUCATION

Founded in 2018 as one of the flagship brands of **BIG Investment & Development Group (LLC), BIG Education** was established with aglobal vision and strong local roots, serving as the practical embodiment of our promise:

“We build education where the world needs it most.”

From technological excellence to humanitarian response, we go beyond traditional supply models to pioneer a new era in educational infrastructure—built on the principles of intelligence and adaptability.

Our solutions extend far beyond manufacturing. Starting from the innovation of standardized and smart educational furniture, we deliver fully integrated solutions tailored to the comprehensive needs ofeducational institutions. In parallel, we provide rapid-response and flexible solutions that ensure the continuity of education in emergency zones and humanitarian crises—safeguarding sustainable learning under all circumstances. With a clear strategic vision, we launched a unique integrated business model that unites:

| Sustainable educational furniture
| Educational media production
| Educational uniform solutions

—All under one roof.

This end-to-end logistical integration enables us to engineer and equip ideal learning environments anytime, anywhere.BIG Education proudly stands as the first fully integrated developer of educational facilities in the region.

VISION

To achieve regional leadership as the **first fully integrated developer of educational facilities**, establishing Egyptian-made products as a **global benchmark for quality**, integrating technology into educational furniture to create **smart, sustainable learning environments**, while delivering agile solutions for emergency education—fulfilling our promise to build education where the world needs it.

MISSION

To lead the educational equipment sector by redefining traditional standards and delivering **360-degree solutions** that combine product durability with intelligent technology—ensuring the sustainability of education in both advanced smart classrooms and the most challenging emergency conditions.

CORE VALUES

01	**CUSTOMER FIRST**	We place the client at the heart of every decision, delivering premium care that builds lasting trust at every stage.
02	**LOGISTICAL INTEGRATION**	Delivering comprehensive educational logistics solutions with absolute efficiency.
03	**SPEED & SAFETY**	Time is a value. We transform speed into a competitive advantage—executing rapidly with precision, without compromising quality or safety standards.
04	**PARTNERSHIP IN SUCCESS**	The success of educational institutions is the true measure of our success.
05	**DISTINCTIVE EXCELLENCE**	World-class quality through competitive Egyptian manufacturing excellence evident in every detail.
06	**INNOVATION**	Integrating digital innovation into traditional industries to transform bold ideas into refined, future-ready solutions.
07	**SUSTAINABILITY & RESPONSIBILITY**	Manufacturing environmentally responsible products with high durability and long lifecycle performance.
08	**TEAMWORK**	Collective strength drives greater impact through shared vision, knowledge, and collaboration across the organization.

OUR STRATEGY

360° INTEGRATED PARTNERSHIP

At **BIG Education**, we adopt a **comprehensive 360-degree strategic approach** that positions us as the preferred strategic partner for educational institutions. We go far beyond manufacturing. Our integrated ecosystem covers **design, development, production, and complete educational logistics solutions**, all delivered through a methodology that ensures an exceptional client experience where product excellence meets service integration. This holistic model enables us to build **long-term, sustainable partnerships** that elevate educational environments and set new benchmarks for quality and performance.

AFTER-SALES COMMITMENT & COMPREHENSIVE WARRANTY

At **BIG Education**, we redefine the concept of after-sales service in the educational furniture sector.

We do not merely deliver products, we deliver a long-term **commitment to quality and sustainability**.

We proudly stand as **the only company in the region** offering a Comprehensive Protection Warranty, extending beyond traditional manufacturing defects to also cover usage-related issues. Because we trust the durability of our products.

We assume full responsibility throughout the warranty period:

Full Coverage Repair or replacement of damaged parts with brand-new components at no additional cost.

All-Inclusive Service Coverage includes transportation, disassembly, reinstallation, replacement parts, and shipping from and to the client. With **BIG Education**, your investment is fully protected. After-sales service is not an add-on—it is a core priority.

Warranty:

| 100% comprehensive warranty for two years against manufacturing and usage defects

| Highest standards of quality and sustainability

THE SMART FACTORY

TECHNOLOGY SERVING EDUCATION

We take pride in owning the **most advanced smart factory in the region**, operating under a cutting-edge **dual-production system** that allows parallel manufacturing streams. This model enables us to deliver both **standardized educational furniture** and **smart educational solutions** with uncompromising precision.

1. Standard Educational Furniture

| Superior Quality Standards
| Extreme Precision using state-of-the-art machinery
| Exceptional Durability designed to withstand intensive daily use
| Ergonomic Comfort based on human-centered design principles, ensuring comfort for students and educators throughout the school day

2. Smart Educational Furniture

This is where our true leadership emerges. We design and manufacture furniture that **integrates technology at its core**, transforming traditional school furniture into **interactive, intelligent tools** that support digital transformation and significantly enhance the educational experience.

INDUSTRIAL VISION

ENGINEERING EDUCATION SOLUTIONS

At **BIG Education**, we do not view wood as a raw material—but as a set of precise engineering equations. Inside our smart factory, production is managed through a Lean **Manufacturing methodology**, **supported by a robust technological infrastructure:**

TECHNOLOGY | Integration of advanced Nesting systems and intelligent cutting technologies to achieve maximum precision and speed.

QUALITY CONTROL I Strict three-stage inspection process covering raw materials, operations, and final products—ensuring long-lasting performance.

FULL INTEGRATION | Complete capability to execute complex engineering operations and seamlessly integrate diverse products under one roof.

COMMITMENT | Guaranteed production continuity through proactive preventive maintenance, ensuring on-time delivery without compromise.

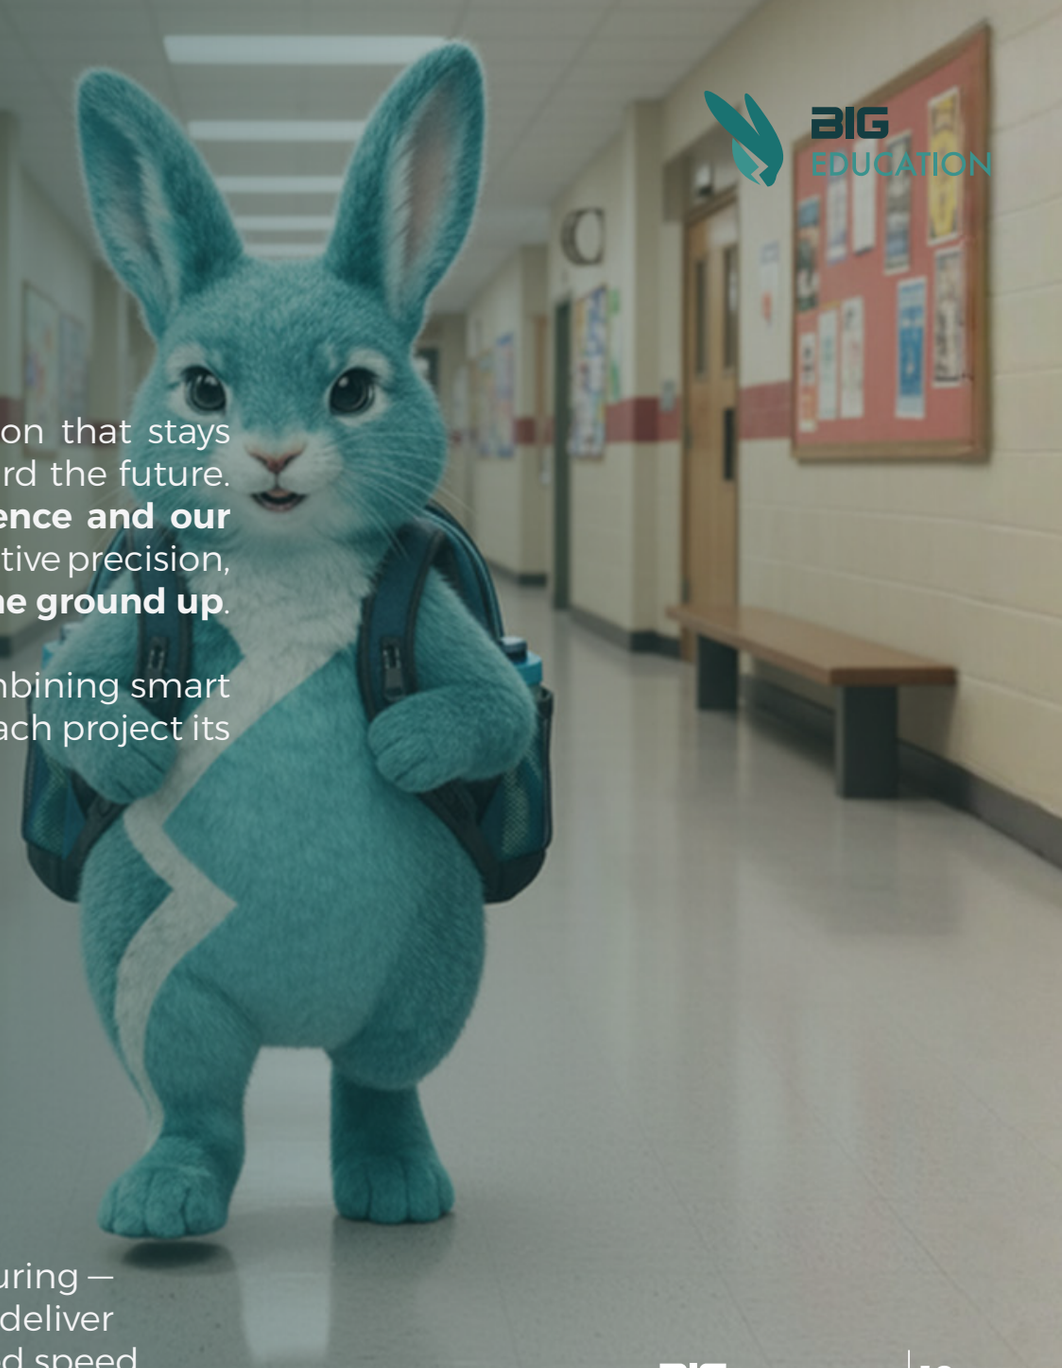
EFFICIENCY-DRIVEN METHODOLOGY | Eliminating waste while maximizing operational efficiency. Industrial engineering—dedicated to the service of education.

BRAND IDENTITY

THE ICON PHILOSOPHY

The rabbit in our logo represents our renewed identity— an organization that stays **one step ahead**, creates its own solutions, and never stops leaping toward the future. More than a symbol of speed, the icon embodies **engineering intelligence and our operational philosophy**. Just as a rabbit designs its safe burrow with instinctive precision, we go beyond conventional supply models to **engineer solutions from the ground up**.

We analyze needs in depth to design **fully integrated ecosystems**— combining smart furniture, educational media, and school uniforms— customized to give each project its own identity and operational efficiency.



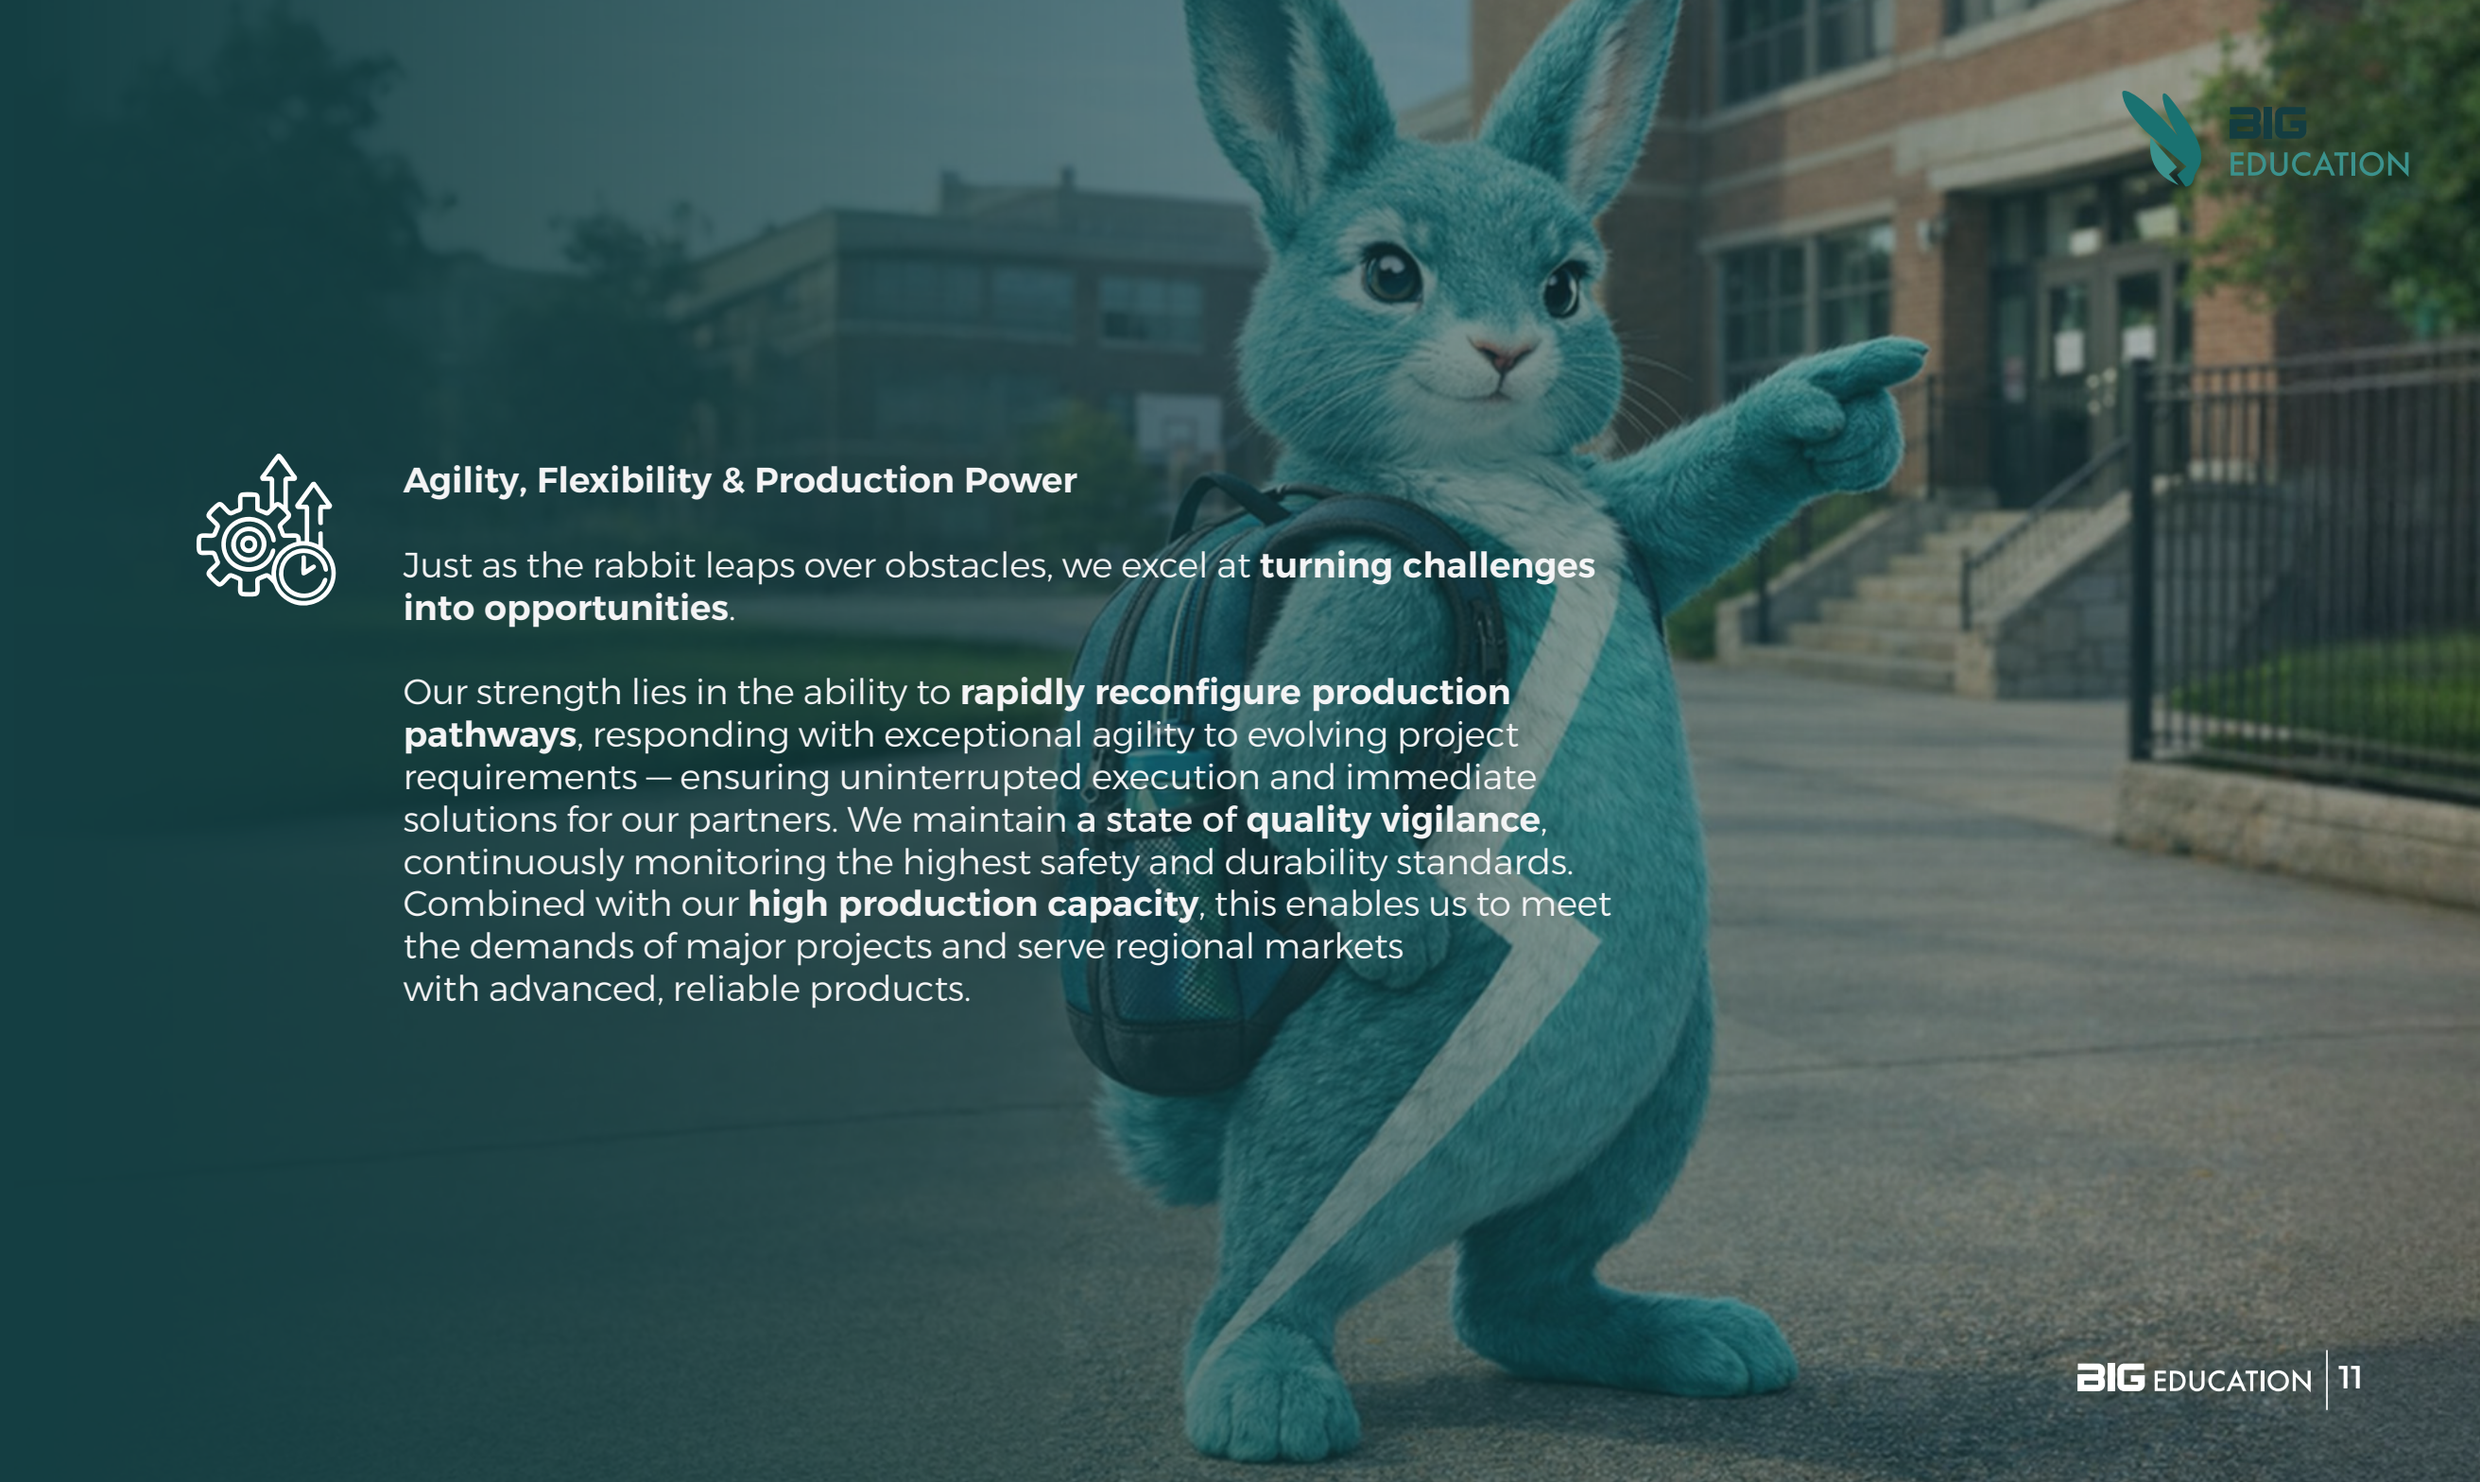
From Direction to Intelligent Execution

1. Deep-Rooted Innovation

We innovate from within the challenge itself, engineering solutions that are tailored, scalable, and sustainable.

2. Decisive Speed

By integrating all processes — from innovation to manufacturing — under one umbrella, we dramatically reduce timelines and deliver large-scale projects with exceptional quality and unmatched speed.



Agility, Flexibility & Production Power

Just as the rabbit leaps over obstacles, we excel at **turning challenges into opportunities**.

Our strength lies in the ability to **rapidly reconfigure production pathways**, responding with exceptional agility to evolving project requirements — ensuring uninterrupted execution and immediate solutions for our partners. We maintain **a state of quality vigilance**, continuously monitoring the highest safety and durability standards. Combined with our **high production capacity**, this enables us to meet the demands of major projects and serve regional markets with advanced, reliable products.

PRODUCTS & SERVICES

EDUCATIONAL FURNITURE

We cover **all educational spaces**, from standard and smart classrooms to specialized science laboratories and cutting-edge technological halls.

Our offerings include:

- Artificial Intelligence Learning Environments (AI)
- Virtual Reality (VR) & Augmented Reality (AR)
- STEM Facilities (Science, Technology Engineering & Mathematics)
- Media Production & Recording Studios
- Libraries & Digital Learning Centers
- Art Studios
- Music Rooms
- Reception Areas
- Children's Playgrounds & Activity Complexes
- Student Activity Zones
- Sports Fields & Green Spaces
- Swimming Pools
- Theaters
- Cafeterias
- Children's Playgrounds & Activity Complexes
- Classrooms

EDUCATIONAL MEDIA PRODUCTION

We add a powerful **visual and audio dimension** to educational institutions through our advanced media studios. Our professional educational media production services reflect the institution's identity, enhance its presence, and communicate its message with clarity and impact. Through high-quality visual storytelling and educational content, we strengthen institutional branding and reinforce the professional image of educational entities — both internally and externally.

EDUCATIONAL UNIFORM SOLUTIONS

We believe that the school uniform is the first symbol of belonging. For this reason, we have established fully integrated production lines dedicated to designing and manufacturing school uniforms that intelligently combine:

| Safe, health-conscious fabrics
| Contemporary designs
| Exceptional durability

Our objective goes beyond visual consistency. We aim to strengthen students' sense of pride and affiliation, while providing educational institutions with a professional and unified visual identity.

EDUCATION IN EMERGENCY & CRISIS SITUATIONS

EDUCATION IN EMERGENCY & CRISIS SITUATIONS

As part of our humanitarian responsibility and leadership in the educational equipment sector, **BIG Education** launched the **Emergency Educational Solutions Division**—becoming the **first and only company in Egypt, the Middle East, and North Africa** to establish a specialized administrative and engineering structure dedicated to education in emergencies.

We did not stop at implementation. We developed a technical reference framework by introducing **BIG - MSEED**, the first national standard that integrates global requirements such as:

| CHS
| Sphere Standards
| INEE

— Combined with our engineering expertise and on-ground operational experience.This vision culminated in the launch of our groundbreaking innovation:

BIG SCHOOL IN A BOX

A fully integrated, plug-and-play logistical solution designed to restore educational operations immediately in disaster and crisis zones — meeting the highest standards of safety, efficiency, and sustainability.

THE RIGHT CHOICE

We see every educational facility as a nation-building project.
We are committed to international quality standards in:

| Every screw installed
| Every visual produced
| Every uniform stitched

We are **BIG Education** — where logistical precision meets creative solutions, to build education where the world needs it most.
